### **III. THE FEI CODE OF CONDUCT FOR THE WELFARE OF THE HORSE**

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
2. Horses and Athletes must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.
4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.
5. The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.

The [Long version](#) of this Code can be obtained from the Fédération Equestre Internationale, HM King Hussein I Building, Chemin de la Joliette 8, 1006 Lausanne, Switzerland. Telephone: +41 21 310 47 47. The Code is available in English. The Code is also available on the FEI's website: <http://inside.fei.org/>.

## IX. TIMETABLE

As per Jumping Rules Annex VI: combined competitions are not permitted.

The scheduling of competitions must take into account mandatory maintenance breaks as follows. In principle, there should be one maintenance break for every 40 starters; at a minimum, it is compulsory to include one maintenance break in competitions with 50-99 starters after half of the starters have competed. Competitions with 100 starters or more must have three maintenance breaks. The start list must indicate when the maintenance break will take place (e.g. after N° 25).

All horses taking part at this Event must be present during the first horse inspection, unless unable to do so due to "force majeure".

Competitions must not start before 08:00 h and must not finish after 23:00 h, unless prior approval is granted by the FEI.

The starting order of the first round of the first LLN Competition of the Season will be the reverse order of the Qualification Ranking for the LLN Series; the winner of the LLN Final of the preceding LLN Season (if eligible to participate in the LLN Season) will go last. For the subsequent LLN Competitions, the starting order of the first round will be the reverse order of the LLN Standings established after the previous LLN Competition. In case of a tie between NFs in the Qualification Ranking or LLN Standings a draw for the NFs concerned will determine their starting order. If the Home Nation is not automatically qualified for the LLN Series via the Qualification Ranking, the Home Nation will go first in the starting order. Where a NF has been replaced by a NF on the Reserve List after the previous LLN Competition, the Reserve NF shall go before the other NFs on the LLN Standings.

Four (4) Athletes per team take part in the first round of the LLN Qualifier. If a team only has 3 combinations who are fit to

compete, the team is permitted to take part with three (3) Athletes. The classification of the first round is established according to the combined Penalties of each team's three (3) best Athletes in the first round. Unless teams are eliminated, disqualified, have retired or withdrawn in the first round, the best eight (8) teams take part in the second round with three (3) Athletes each and will start in reverse order of the classification after the first round. The Chef d'Equipe must declare the starting order of their three (3) Athletes in the second round during the break between the two rounds and no later than 30 minutes prior to the start of the second round according to the method of declaration specified by the FEI. An Athlete who doesn't start in the first round may take part in the second round. If there is a tie on penalties and time for the eighth place after the first round, the tied teams shall progress to the second round. The teams carry forward their penalties from the first round into the second round. No substitution of Horses is permitted between the first and second round or between the second round and the jump-off (if applicable).

The overall classification after the second round is established according to the combined Penalties of each team's three best Athletes of the first round and all of the team's three Athletes in the second round. In case there is a tie on Penalties for first place after the second round, there will be a jumpoff against the clock with one (1) Athlete per team. The break between the end of the second round and the jump-off shall be no longer than 15 minutes. Any of the four (4) team Athletes can participate in the jump-off, as selected by the Chef d'Equipe. The Chef d'Equipe must confirm the Athlete that will participate in the jump-off no later than ten minutes before the start of the jump-off. In case there is a tie for any other place following the second round, the time of the teams' three (3) Athletes in the second round will be used to decide the team classification.

### **1. INSURANCES AND NATIONAL REQUIREMENTS**

Equestrian sports involve inherent dangerous risks. To the greatest extent permitted by law, the FEI and the FEI Event Organiser shall NOT be liable for any damages relating to loss of property or injury of any kind to Athletes, Owners, Support Personnel or Horses at or in connection with an FEI Event and the FEI expressly excludes all such liability.

#### **1.1 ATHLETES, OWNERS AND SUPPORT PERSONNEL**

##### **1.1.1 Personal accident and health insurance**

It is your responsibility as an Athlete/Owner/ Support Personnel to ensure that you have adequate personal accident insurance in place to cover your participation at FEI Events and in particular to insure against any personal injury or medical expenses arising from an accident, injury or illness which may occur at a FEI Event.

You should check with your National Federation to confirm if your National Federation's insurance policy (if any) covers personal accidents and/or illnesses which may occur when you are attending/participating in FEI Events.

If your National Federation does not have a personal accident/health insurance policy or if the National Federation's insurance policy does not cover personal accident or health claims, then you should obtain your own personal accident and health insurance policy to cover your attendance/participation at FEI Events.

##### **1.1.2 Personal property insurance**

You should also ensure that you are insured against property loss, theft or damage, which may occur at an FEI Event.

Again, the advice is to check with your National Federation to confirm if they have an insurance policy in place, which would cover you in case of such property loss, theft or damage. If not, then you should obtain your own personal property insurance to cover such situations.

##### **1.1.3 Press equipment**

Press equipment and other items left in the Press workroom, Press lockers, the Press Tribune or anywhere on the showgrounds are left entirely at the owner's risk. The Organising Committee does not accept any responsibility for any loss or damage to such equipment or items. ### **3. SCHOOLING DURING COMPETITIONS**

Athletes wishing to school during speed competitions (Table A and Table C) must inform the OC before these competitions begin. These athletes will start first in these competitions.

### **4. STEWARDING**

- If an athlete is uncertain as to whether the boots they intends to use during an event are allowed, they or their representative should show the boots to the Chief Steward for their opinion before the boots are used in training or in competition.
- In addition, athletes are to be made aware that hind boots must be removed and placed again on the horse's legs in the presence of a Steward while in the warm-up arena prior to entering the competition arena for certain competitions. (If bandages are used in place of boots, athletes are not required to remove the bandages in the warm-up arena.) This procedure is compulsory for competitions for which boot and bandage control is mandatory, that is the Nations Cup, Grand Prix, and the competition with the highest prize money, and is at the discretion of the Chief Steward for other competitions.
- As an alternative to carrying out this procedure at the time designated by the Steward an athlete may ask their groom to take the boots to the in-gate and place them on the horse's legs in front of the Steward prior to the combination entering the arena.
- The Steward has the authority to intervene if a boot is deemed excessively tight by instructing that the boot be removed and put on again correctly. [Stewards are to note that it is normal for a horse's gait to be somewhat affected immediately after boots have been removed and re-placed.] If an athlete or his/her groom refuses to remove and re- place the boot(s) when instructed to do so by the Steward, a Yellow Warning Card will be issued to the athlete in question.
- If it is deemed impossible or unsafe to remove the hind boots in the warm-up arena prior to the combination entering the competition arena, due to an extremely excited or nervous horse, the boots of the horse in question are to be removed by the athlete/groom following the athlete's round upon leaving the arena and inspected by the Steward. This inspection may be carried out during the boot and bandage control if the boot and bandage control is carried out for the competition in question.
- This procedure does not replace boot and bandage control after completion of an athlete's round for competitions for which boot and bandage control is mandatory (refer to JRs Art. 266).

### **5. DISPUTES**

In the event of any discussion concerning the interpretation of the schedule (in translated languages), the English version will be decisive.

### **6. MODIFICATION TO SCHEDULE**

In exceptional circumstances, together with the approval of Chefs d'Equipe, host NF delegate, if any, and the Ground Jury, the Organiser may change the schedule in order to clarify any matter arising from an omission or due to unforeseen circumstances. Any such changes must be notified to all athletes and officials as soon as possible and they must be reported to the FEI Secretary General by the Technical Delegate, the President of the Ground Jury or the Foreign Judge, as applicable.

16					
Total	* The OC must provide additional prizes for the remaining placed athletes to fulfil quota of one prize per four athletes. The amount to be given to each of these athletes must be stated in the Schedule.				

In case of a tie for the 13th place in a competition with 13 to 48 starters, the prize money foreseen for the 13th place will be divided equally among the athletes concerned.

**For Competitions run in two rounds with more than 13 starters in 2nd round:**

*OCs that indicate in the schedule that a specific number (that is more than 13) of athletes will return for the second round will be permitted to distribute the prize money for that competition among all the athletes taking part in the second round, even if the second round is followed by a jump-off in case of a tie on penalties for first place after the second round.*

**DEDUCTIONS FROM PRIZE MONEY AT COMPETITIONS**

**Full details of any deductions from prize money must be outlined in the schedule. This includes government taxes. If it is necessary for Organisers to deduct such taxes, they must provide participants with an official form indicating the amount of tax deducted.**

**The tax form must be provided to the athletes upon arrival and returned to the Organiser prior to departing.**

**IMPORTANT**

**The total amount of prize money shown for each Competition in the schedule must be distributed. (FEI General Regulations articles 127 and 128)**

For details of the prize money breakdown for each competition please refer to the tables at the end of this document; the Organiser must specify which of the two (2) tables will be used. The total prize money for the Competition must be distributed among the first thirteen (13) placed athletes.

The Organiser must provide additional created prizes for athletes placed beyond thirteen (13<sup>th</sup>) place. The minimum amount for each of these additional prizes, for athletes placed from fourteenth (14<sup>th</sup>) to last place, must be clearly specified in the approved schedule and not exceed the prize money of the athlete placed thirteen (13<sup>th</sup>)

**9. MAXIMUM NUMBER OF STARTERS PER COMPETITION**

**\*Annex II FEI Jumping Rules:**

Maximum 100 starters per Competition other than the GP. If more than 100 starters are declared, the OC must split the competition into the number of groups required to ensure that there are no more than 100 starters in any group, and provide the same amount of prize money as indicated

The additional prize money provided by the OC is not taken into consideration with regard to the overall prize money that determines the star level of the Event or the Longines Ranking point group of the Competition, if applicable.

OCs may apply either of the following methods for splitting the Competition:

- The competition is split into the number of groups required before it starts. There may be athletes with multiple horses in each group but all horses of any one athlete must be in the same group. If it is not possible to have groups of equal size there may be a different number of starters in each group;
- The competition is run as one single competition and split afterward into the number of groups required to ensure that there are no more than 100 starters in any group, and the classification established as follows: the athlete with the best score is the winner of the first group, the athlete with the second best score is the winner of the second group and so on until prizes have been allocated to 25% of the total number of starters. NB: In this case separate results must be sent to the FEI for each of the groups, e.g. results for Competition 1a and for Competition 1b (and for Competition 1c if the original Competition was split into three groups, etc).

In both cases above each group must offer the same amount of prize money as indicated for the original Competition. For the avoidance of doubt, it is the number of declared starters in the Competition, not the final number of starters that determines whether the Competition must be split.

As all FEI World Cup™ Competitions have the status of a Grand Prix, the minimum prize money requirements for the Grand Prix are applicable to the World Cup™ Competition.

For CSI-W Events with a Grand Prix Competition in addition to the FEI World Cup™ Competition, the minimum prize money requirements indicated for the Grand Prix apply only to the FEI World Cup™ Competition; the Grand Prix Competition at such Events cannot offer more prize money than the prize money offered for the FEI World Cup™ Competition.
